State obo IZIAHA G. v. Pedro G.

Motion of Appt to Correct/Supplement BOE

Appellant's "renewed" motion to correct the record on appeal is overruled. The amended appeal and praecipe filed May 5, 2026, are contained in the record. Any communication regarding those filings and the "complete Register of Actions" are not relevant to this appeal. Any omitted pages from Appellant's brief submitted to the referee or the district court are irrelevant to this appeal. If any pages are missing from the February 11, 2026, hearing before the referee and that bill of exceptions needs to be amended, then the appellant must follow the procedure set forth in Neb. Ct. R. App. P. § 2-105(G) as previously ordered by the court, meaning that such matters must be scheduled before the trial court, not the appellate court. Regardless of the alleged missing pages, the bill of exceptions, exhibits, pleadings, and orders necessary for consideration of this appeal are sufficiently contained in the current record for Appellant to submit a brief without further delay.

Motion of Appt Stay Briefing Schedule

Appellant's objection and motion to stay filing a brief is overruled; however, Appellant's brief date is extended to 30 days from entry of this order. No further requests for extension of time will be considered absent exceptional cause; none of the reasons set forth in Appellant's motions and supporting documents filed with this court to date suffice as exceptional cause. Appellant's brief due on or before August 31, 2026. Failure to file a brief by said due date shall result in the dismissal of this appeal without further notice.
