Re: Resignation from the County Court in the 2nd Judicial District

Dear Governor Pillen,

I am writing to inform you of my resignation from the County Court for the 2nd Judicial District effective at the close of business on June 30, 2025. As you know, this resignation is due to my appointment to the Court of Appeals April 10, 2025, for which I will be officially sworn in on July 1, 2025.

It has been my honor to serve on the County Court bench in the 2nd Judicial District with Judges Hutton, Palm and Partsch. They are hard-working, compassionate, and empathetic judges who are steadfast in their efforts to provide a forum for lawyers and litigants to have their matters heard in a fair, effective and efficient way. I know whoever fills the vacancy left by my departure will be welcomed and assisted by the fine judges of the 2nd Judicial District County Court.

Please advise if you need any additional information. I look forward to assuming the duties in my new position as a Judge of the Nebraska Court of Appeals.

Sincerely,

Tricia A. Freeman

Nebraska District Courts Weighted Caseload Report

Nebraska has a district court in each of its 93 counties, organized into 12 Judicial Districts. Pursuant to Neb. Rev. Stat. § 24-301.02, the Legislature determines the number of district court judges who serve in each judicial district, and the geographic boundaries of each judicial district. An objective assessment of judicial workload allows informed decisions about district boundaries and the number of judges needed to timely resolve the cases in each judicial district.

To assist in evaluating judicial workloads, Neb. Rev. Stat. § 24-1007(1) requires the Nebraska Administrative Office of the Courts and Probation (AOC) to compile judicial workload statistics based on caseloads weighted by category of case. These weighted caseload statistics are used by the Judicial Branch, the Judicial Resources Commission, and the Legislature to evaluate judicial need, and guide decisions and recommendations on how best to allocate judicial resources across the state.

To ensure the validity, uniformity and accuracy of the AOC's judicial workload statistics, a statewide judicial time study was conducted in 2019-2020 under the direction and leadership of the National Center for State Courts. For a full description of the judicial time study and the recommended weighting methodology and standards, see *Nebraska Judicial Workload Assessment Final Report* (October 2020) (this is noted on tables in this report with an asterisk) on the Nebraska Supreme Court Website. Because this Weighted Caseload Report uses the methodology and standards from the 2020 workload assessment, direct comparison to archived reports is not recommended.

Weighted caseload statistics approximate the number of judges a district needs to handle the current caseload based upon the calculations of a three-year rolling average of case filing data. Therefore, when weighted caseload statistics are examined in conjunction with other compelling and critical metrics, they provide a vital part of an objective and standardized assessment of judicial needs and the fair allocation of judicial resources across juvenile courts in the State of Nebraska.

Nebraska County Courts Weighted Caseload Report

Nebraska has a district court in each of its 93 counties, organized into 12 Judicial Districts. Pursuant to Neb. Rev. Stat. § 24-301.02, the Legislature determines the number of district court judges who serve in each judicial district, and the geographic boundaries of each judicial district. An objective assessment of judicial workload allows informed decisions about district boundaries and the number of judges needed to timely resolve the cases in each judicial district.

To assist in evaluating judicial workloads, Neb. Rev. Stat. § 24-1007(1) requires the Nebraska Administrative Office of the Courts and Probation (AOC) to compile judicial workload statistics based on caseloads weighted by category of case. These weighted caseload statistics are used by the Judicial Branch, the Judicial Resources Commission, and the Legislature to evaluate judicial need, and guide decisions and recommendations on how best to allocate judicial resources across the state.

To ensure the validity, uniformity and accuracy of the AOC's judicial workload statistics, a statewide judicial time study was conducted in 2019-2020 under the direction and leadership of the National Center for State Courts. For a full description of the judicial time study and the recommended weighting methodology and standards, see *Nebraska Judicial Workload Assessment Final Report* (October 2020) (this is noted on tables in this report with an asterisk) on the Nebraska Supreme Court Website. Because this Weighted Caseload Report uses the methodology and standards from the 2020 workload assessment, direct comparison to archived reports is not recommended.

Weighted caseload statistics approximate the number of judges a district needs to handle the current caseload based upon the calculations of a three-year rolling average of case filing data. Therefore, when weighted caseload statistics are examined in conjunction with other compelling and critical metrics, they provide a vital part of an objective and standardized assessment of judicial needs and the fair allocation of judicial resources across juvenile courts in the State of Nebraska.

RE: Request to Declare Judicial Vacancy

Dear Justice Jonathan J. Papik and Members of the Commission:

Please accept this letter as written testimony in support of the request of the Judges of the Fourth Judicial district Court that the Judicial Resources Commission determine the existence of a judicial vacancy in the District Court of the Fourth Judicial District. The vacancy is due to the retirement of Judge. Leigh Ann Retelsdorf effective June 2025.

When a Judge retires, other District Judges manage the retired Judge's cases, in addition to their own cases, until the Judicial Resources Commission declares a vacancy and a Judge is appointed.

Additionally, the 2024 Nebraska Judicial Branch Weighted Caseload Report concluded this District Court has a need for **18.96 judges**. The 2024 Annual Fiscal Year Caseload Report for the Fourth Judicial District Court reflects the existence of over 12,300 cases filed for the 2024 fiscal year. These numbers reflect the trend this judicial district is experiencing in attaining pre-COVID level case filings. By category for fiscal year, 2024 are as follows:

Criminal Felony Class 1:	491
Criminal Other:	3,355
Problem Solving Court:	185
Domestic Relations:	3,760
Protection Orders:	2,344
Civil:	2,094
Appellate Action:	61
Administrative Appeals:	14
TOTAL CASES:	12,304

EXHIBIT 09

Accordingly, the Judges of the Fourth Judicial District Court respectfully request that the Judicial Resources Commission declare that a judicial vacancy exists in the District Court of the Fourth Judicial District due to the retirement of Judge Leigh Ann Retelsdorf.

Please accept this letter as submitted testimony from the District Court of the Fourth Judicial District in support of declaring a vacancy.

Thank you for your consideration. Please do not hesitate to contact me should you have any questions.

Very Sincerely Yours,

Hon. John R. Freudenberg
Nebraska Supreme Court

Dear Justice Freudenberg:

On behalf of the NSBA Judicial Resources Committee ("the Committee"), I wish to convey to the members of the Judicial Resources Commission our recommendation regarding the vacancies in the County Court in the 2nd District due to the appointment of Judge Freeman to the Nebraska Court of Appeals, the County Court in the 3rd Judicial District due to the retirement of Judge Yardley, the vacancy in the District Court due to the retirement of Judge Rettlesdorf, and the vacancy in the County Court in the 7th Judicial District due to the appointment of Judge Long to the District Court.

After reviewing the Judicial Weighted Caseload Reports ("Judicial Workload Assessment") for FY 2025, the Committee concluded that the State's justice system will not have adequate judicial resources available unless the current vacancies are filled expeditiously. Therefore, the Committee recommends filling:

- 1) The vacancy in the 2nd Judicial District County Court created by the appointment of Judge Freeman to the Nebraska Court of Appeals with the primary office location in Sarpy County;
- 2) The vacancy in the 3rd Judicial District, County Court due to the retirement of Judge Yardley with the primary office location in Lancaster County;
- 3) The vacancy in the 4th Judicial District, District Court created by the retirement of Judge Rettlesdorf with the primary office location in Douglas County; and
- 4) The vacancy in the 7th Judicial District, County Court created by the appointment of Judge Long to the District Court with the primary office location in Madison County.

Thank you for your consideration of the recommendations set forth herein. Please include this letter with the materials provided to Judicial Resources Commission members before your August 15th meeting.

Sincerely,

Hon. John M. Gerrard

Re: Judicial Resources Commission Hearing, August 15, 2025

Dear Justice Freudenberg:

The Lancaster County Court judges request the Judicial Resource Commission find that a judicial vacancy exists in the office of the County Court of the 3rd Judicial District, as a result of the retirement of the Honorable Laurie J. Yardley. We further request that the Judicial Resources Commission make a recommendation that the position remain in the 3rd Judicial District.

Please find twenty (20) copies of a memorandum to be distributed to the members of the Judicial Resources Commission prior to the upcoming hearing. Thank you for your assistance.

Sincerely,

Timothy C. Phillips

Re: Nebraska Judicial Resources Commission Hearing – August 15, 2025

History of the Court

From 1985 through 2011, the Lancaster County Court operated with six judges even though the caseload grew from 44,000 cases in 1985 to 63,905 cases in 2011. In 2011, the Weighted Caseload Report indicated that Lancaster County should have 7.93 judges to handle its caseload. Accordingly, in 2011 the Commission made a recommendation (and in 2012 legislation was passed) to transfer a county judicial position from the Fifth Judicial District to the Third, giving the Lancaster County Court seven judges. Since that time, the weighted caseload studies continue to show that Lancaster County needs at least seven judges. Nine of the past 11 years Lancaster County's Judicial Need has been anywhere between 6.16 to 7.84 judges. COVID recovery years of 2022 and 2023 are the two outlier years during the last 11 years.

Current Caseload Statistics

The Fiscal Year 2024 County Court Annual Caseload Report shows that Lancaster County had 46,363 cases filed in the 2024 Fiscal Year. That figure includes 440 District Court domestic and/or protection order cases also handled by the Lancaster County Court (See attached Exhibit A). The most recent Weighted Caseload Report (FY 2025 July 1, 2024 - June 30, 2025) shows that Lancaster County Court had 46,355 cases filed with that number including 414 domestic and/or protection order cases also handled by the Lancaster County Court (See attached Exhibit A). The latest weighted caseload report indicates that Lancaster County needs 6.44 judges and has 7 judges currently assigned. (See attached Exhibit B). The latest Caseload Report shows that the number of filings is steadily increasing as we become further removed from the COVID pandemic. We anticipate that the number of filings will continue to increase as we move further away from the 2022 and 2023 fiscal years. The number of cases filed in the Lancaster County Court through July of 2025 would indicate that we are on track to have about 1400 more cases filed by this calendar year's end than were filed in the last calendar year. (See attached Exhibit C).

Other Data to Consider

The County Judges in Lancaster County reviewed and signed 762 search warrants and the supporting affidavits during the 2024 calendar year. This number is also continuing to rise since 2021 when 663 search warrants were reviewed and signed by Lancaster County Court Judges. The 2025 calendar year, as of August 7, 2025, has seen 502 search warrants and the supporting affidavits reviewed and signed by Lancaster County Judges. This would put the County Court on pace to sign and review approximately 850 search warrants and supporting affidavits by 2025 year's end.

Request for Recommendation

We request that the open position in the 3rd District because of the retirement of the Honorable Laurie J. Yardley be filled, and that the position again be assigned to Lancaster County. The statistics cited above show that Lancaster County still has the need for seven (7) judges and that the Court should be allowed to maintain the status quo. I welcome the opportunity to answer any questions and discuss this matter in further detail at the Commission hearing. Thank you for your time and consideration.

RE: SECOND JUDICIAL DISTRICT (COUNTY COURTS)

Dear Justice Jonathan J. Papik and Members of the Commission:

On behalf of the county court judges of the Second Judicial District, thank you for the work you perform in the critical task of declaring vacancies when judicial positions need to be filled. We are asking you to declare a judicial vacancy in the county courts of our district caused by the elevation of Judge PaTricia Freeman to the Nebraska Court of Appeals.

The county courts of the Second Judicial District cover matters in Sarpy, Cass, and Otoe Counties. We have been operating with a total of four (4) judges – three (3) in Sarpy County (Hutton, Freeman, and Palm) and one (1) traveling between Cass and Otoe Counties (Partsch). Judge Freeman’s promotion leaves Sarpy County currently operating with two (2) county court judges, and we have been fortunate to have retired judges covering her courtroom daily since she left. They are staying busy, and Judges Hutton and Palm have taken on extra duties to ensure continuity of court operations.

The FY 2025 Weighted Caseload Report was published to the Supreme Court website on August 6, 2025.¹¹ Looking at the numbers, the Second Judicial District’s caseload reflects a judicial need of 4.11 judges. With four (4) judges each has an average workload of 1.03 per judge. As comparison, no other county

¹¹ <https://supremecourt.nebraska.gov/sites/default/files/publication-report-files/FY2025-County-Court-Weighted-Caseload-Report.pdf> (accessed 8/6/2025)

court judicial district in the state has an average workload of higher than 0.96 per judge. The workload of four county court judges in our district is also fairly evenly distributed, as Sarpy County's judicial need is 3.01 and Cass/Otoe's combined judicial need is 1.10. Shuffling caseloads would not alleviate the need for a fourth county court judge in our district.

Another comparison for these FY 2025 numbers is looking back at prior years to see the trends. The FY 2024 Weighted Caseload Report for the Second Judicial District reflected a judicial need of 3.75 judges (2.7 in Sarpy; 1.05 in Cass/Otoe), with an average workload per judge of 0.94. This was up from the FY 2023 numbers which reflected a judicial need of 3.30 judges (2.42 in Sarpy; 0.88 in Cass/Otoe), with an average workload per judge of 0.83. In other words, in just 3 years the average workload per judge in the Second Judicial District has increased by 32.5% (1.10/0.83). Should this trend continue, a fifth judge may be needed in the district within the foreseeable future.

In further support of the current need to fill Judge Freeman's position, each of the second district's three counties continue to grow in population, with Sarpy County growing by far the fastest. In 2023-24 Sarpy County grew at a rate of 2.2%, Otoe at 0.9%, and Cass at 0.1%.² According to numbers compiled by Sarpy County Court Clerk Magistrate Barb Pouson, as of the end of July, the 2025 calendar year new case filings in Sarpy County are 9.4% higher than the filings received by this same time last year. We expect the caseload in the district will only continue to rise.

We also know you are keenly aware of additional factors to the caseload numbers that affect the actual hours judges work on their cases, including: (1) the significant increase in self-represented litigants (and related use of artificial intelligence); (2) the increase in need for language interpretation; (3) the increase in problem solving courts; (4) technology benefits and challenges; and (5) challenges with court staffing and training.

Based upon the current caseload of the county courts of the Second Judicial District, and in consideration of the continued increases in population and new

case filings, we respectfully request that members of the Judicial Resources Commission declare a judicial vacancy in the Second Judicial District county courts with a primary office in Papillion, Nebraska. If you have any questions, comments, concerns or need any additional information, we will have at least one of our judges present at the hearing.

Sincerely Yours,
