Dear Governor Pillen:

Please accept this letter as notice of my retirement at end of day on January 15, 2025. It has been a distinct honor and privilege to have served as District Judge of the Seventh Judicial District of the State of Nebraska since April 24, 2013.

I especially wish to thank former Governor Dave Heineman for the appointment and opportunity to serve the citizens of this district, and to serve beside such talented and dedicated judges.

I also wish to express my deepest gratitude to my court reporter, bailiffs, and the clerks of the district courts and staff for their help, humor, and assistance every day in such a positive and professional manner.

And, lastly, I would offer my many thanks to the attorneys who have appeared before me for their professionalism, wit, and wisdom.

RE: Retirement

Office of the Chief Justice

Dear Governor Pillen:

It has been a pleasure and a privilege to serve as a Douglas County Court Judge for the past 24 ½ years. I will retire as a County Court Judge of the Fourth Judicial District effective January 10, 2025.

I was gratefully appointed by former Governor Mike Johanns in 2000 and have since been retained four times by the voters.

I have been honored to serve and have thoroughly enjoyed the opportunity to be a member of the judiciary of the great state of Nebraska.

Sincerely,

Jeffrey L. Marcuzzo

Dear Justice Jonathan J. Papik and Members of the Commission:

On behalf of the County Court in the Fourth Judicial District, I am requesting that the Judicial Resources Commission determine the existence of a judicial vacancy due to the retirement of Jeffrey L. Marcuzzo.

As you know, in 1998, the legislature amended § 24-301.02 to provide for a twelfth judge in our district. For the last 27 years, the County Court of the Fourth Judicial District has efficiently presided over millions of civil, criminal and probate cases. While the caseload and population in our jurisdiction has grown exponentially, we have stayed the course.

We are currently operating with only ten judges. Maintaining the level of accessibility our citizens are accustomed to, and providing the work product they deserve, is simply not sustainable with less than twelve judges. Despite being understaffed, we remain dedicated to providing access to justice. We are committed to serving the lawyers and litigants in our jurisdiction. After consideration, we hope that the Commission will find that providing all court uses in Douglas County equal access to swift, fair justice requires at least twelve judges.

Judge Grant Forsberg and I plan to appear in person for the January 17, 2025 meeting should the Commission have any questions. Thank you in advance for your time and attention to this very important matter.

Sincerely,

Dear Justice Papik:

Please consider this as my strong recommendation that the Judicial Resources Commission declare that a judicial vacancy exists in the 7th Judicial District for the appointment of a second District Court judge to be installed at your earliest convenience, upon Judge Mark Johnson retiring from his position. From the date that Judge Johnson vacates his position in mid-January, 2025 until a second District Judge gets appointed to fill his position, I will be the sole District Judge handling seven counties in a district which requires at least two judges to handle the historic and current case load which exists. Your immediate attention to this would be greatly appreciated in order to adequately serve the citizens of the 7th Judicial District.

The Honorable Jonathan J. Papik
Nebraska Supreme Court Justice
State Capitol, #2218

Dear Justice Papik:

On behalf of the NSBA Judicial Resources Committee ("the Committee"), I wish to convey to the members of the Judicial Resources Commission our recommendation regarding the vacancies in the 4th District Court due to the retirement of Judge W. Russell Bowie, the 7th Judicial District Court due to the retirement of Judge Mark A. Johnson and the County Court 4th District due to the retirement of Judge Jeff L. Marcuzzo.

The Committee met on January 10th and weighed a number of factors including caseload, case types and most importantly, access to the trial courts for Nebraska citizens. The members of the Committee also had available the Judicial Weighted Caseload Reports ("Judicial Workload Assessment") which included statistics through FY 2024. Based upon this discussion the Committee concluded that the State's justice system will not have adequate judicial resources available unless the current vacancies are filled expeditiously.

Therefore, the Committee recommends that the current vacancies in the 4th and 7th District Court and the 4th County Court be filled.

Thank you for your consideration of the recommendations set forth herein. Please include this letter with the materials provided to the members of the Judicial Resources Commission ahead of your January 17th meeting.

Sincerely,

Hon. Tricia A. Freeman
NSBA President

Weighted Caseload Report

Nebraska County Courts Weighted Caseload Report

Nebraska has a county court in each of its 93 counties, organized into 12 Judicial Districts. Pursuant to Neb. Rev. Stat. § 24-503, the Legislature determines the number of county court judges who serve in each judicial district, and the geographic boundaries of each judicial district. An objective assessment of judicial workload allows informed decisions about district boundaries and the number of judges needed to timely resolve the cases in each judicial district.

To assist in evaluating judicial workloads, Neb. Rev. Stat. § 24-1007(1) requires the Nebraska Administrative Office of the Courts and Probation (AOCB) to compile judicial workload statistics based on caseload numbers weighted by category of case. These weighted caseload statistics are used by the Judicial Branch, the Judicial Resources Commission, and the Legislature to evaluate judicial need, and guide decisions and recommendations on how best to allocate judicial resources across the state.

To ensure the validity, uniformity and accuracy of the AOCB's judicial workload statistics, a statewide judicial time study was conducted in 2019-2020 under the direction and leadership of the National Center for State Courts. For a full description of the judicial time study and the recommended weighting methodology and standards, see *Nebraska Judicial Workload Assessment Final Report* (October 2020) on the Nebraska Supreme Court Website. Because this Weighted Caseload Report utilizes the methodology and standards from the 2020 workload assessment, direct comparison to archived reports is not recommended.

No quantitative judicial workload assessment method, including the weighted caseload method, can determine the exact number of judges needed within each court. For example, judges may be asked to assist non-home districts to ensure speedy trials for all involved and that one district is not unduly overburdened. **To address this challenge, the Research and Data Team have added an asterisk next to the name of the judges that provided judicial assistance in the last fiscal year (FY 2024) to other districts.**

Weighted caseload statistics approximate the number of judges needed to handle the current caseload based upon the calculations of a three-year rolling average of case filing data. Therefore, when weighted caseload statistics are examined in conjunction with other compelling and critical metrics, they provide a vital part of an objective and standardized assessment of judicial needs and the fair allocation of judicial resources across juvenile courts in the State of Nebraska.

Nebraska District Courts Weighted Caseload Report

Nebraska has a district court in each of its 93 counties, organized into 12 Judicial Districts. Pursuant to Neb. Rev. Stat. § 24-301.02, the Legislature determines the number of district court judges who serve in each judicial district, and the geographic boundaries of each judicial district. An objective assessment of judicial workload allows informed decisions about district boundaries and the number of judges needed to timely resolve the cases in each judicial district.

To assist in evaluating judicial workloads, Neb. Rev. Stat. § 24-1007(1) requires the Nebraska Administrative Office of the Courts and Probation (AOCB) to compile judicial workload statistics based on caseload numbers weighted by category of case. These weighted caseload statistics are used by the Judicial Branch, the Judicial Resources Commission, and the Legislature to evaluate judicial need, and guide decisions and recommendations on how best to allocate judicial resources across the state.

To ensure the validity, uniformity and accuracy of the AOCB's judicial workload statistics, a statewide judicial time study was conducted in 2019-2020 under the direction and leadership of the National Center for State Courts. For a full description of the judicial time study and the recommended weighting methodology and standards, see *Nebraska Judicial Workload Assessment Final Report* (October 2020) on the Nebraska Supreme Court Website. Because this Weighted Caseload Report utilizes the methodology and standards from the 2020 workload assessment, direct comparison to archived reports is not recommended.

No quantitative judicial workload assessment method, including the weighted caseload method, can determine the exact number of judges needed within each court. For example, judges may be asked to assist non-home districts to ensure speedy trials for all involved and that one district is not unduly overburdened. **To address this challenge, the Research and Data Team have added an asterisk next to the name of the judges that provided judicial assistance in the last fiscal year (FY 2024) to other districts.**

Weighted caseload statistics approximate the number of judges needed to handle the current caseload based upon the calculations of a three-year rolling average of case filing data. Therefore, when weighted caseload statistics are examined in conjunction with other compelling and critical metrics, they provide a vital part of an objective and standardized assessment of judicial needs and the fair allocation of judicial resources across juvenile courts in the State of Nebraska.

RE: Request to be on January Meeting Agenda and Public Testimony

Dear Justice Jonathan J. Papik and Members of the Commission:

Please accept this letter as written testimony in support of the request of the Judges of the Fourth Judicial District Court that the Judicial Resources Commission determine the existence of a judicial vacancy in the District Court of the Fourth Judicial District. The vacancy is due to the retirement of Judge W. Russell Bowie III, effective January 8, 2025.

When a Judge retires, other District Judges manage the retired Judge's cases, in addition to their own cases, until the Judicial Resources Commission declares a vacancy and a Judge is appointed.

Additionally, the 2024 Nebraska Judicial Branch Weighted Caseload Report concluded this District Court has a need for 18.96 judges. The 2024 Annual Fiscal Year Caseload Report for the Fourth Judicial District Court reflects the existence of over 12,300 cases filed for the 2024 fiscal year. These numbers reflect the trend this judicial district is experiencing in attaining pre-COVID level case filings. By category for fiscal year 2024 are as follows:

Criminal Felony Class 1:	491
Criminal Other:	3,355
Problem Solving Court:	185
Domestic Relations:	3,760
Protection Orders:	2,344
Civil:	2,094
Appellate Action:	61
<u>Administrative Appeals:</u>	<u>14</u>
TOTAL CASES	12,304

EXHIBIT

33/96

Accordingly, the Judges of the Fourth Judicial District Court respectfully request that the Judicial Resources Commission declare that a judicial vacancy exists in the District Court of the Fourth Judicial District due to the retirement of Judge W. Russell Bowie III.

We plan to have a member of our bench testify during the commission's January 17, 2025 meeting in support of declaring a vacancy due to the retirement of Judge W. Russell Bowie III. However, if jury trial(s) scheduling conflicts arise, please accept this letter as submitted testimony from the District Court of the Fourth Judicial District in support of declaring a vacancy.

Thank you for your consideration. Please do not hesitate to contact me should you have any questions.

Very Sincerely Yours,

JEFFREY J. LUX

Re: Judicial Vacancy-Douglas County Court-4th Judicial District

Dear Justice Papik and Members of the Commission:

I am writing in support of this Commission declaring a judicial vacancy in the Douglas County Court due to Judge Jeffrey Marcuzzo's retirement. Declaring a judicial vacancy on the County Court will help maintain the full number of judges allocated by the Nebraska Legislature and ensure that the County Court continues to administer cases in a timely manner for a large and diverse population.

The Douglas County Court has operated with twelve judges since 1998, despite a growing population. Douglas County now contains a population of over 580,000 residents and is part of a metropolitan area that contains almost one million people, many of whom frequently come to Omaha and Douglas County to work, shop, visit local attractions, and attend sporting events and concerts. With a large population and many visitors each day comes the challenges associated with any such large metropolitan area. Having twelve county court judges is imperative to the expeditious administration of justice.

In addition to the busy civil docket in Douglas County, each judicial day the County Court handles criminal cases scheduled in six different courtrooms. Separately, the County Court presides over often more than one hundred cases each month which are scheduled on the County Court's criminal jury docket. The County Court efficiently handles its criminal cases while taking into account the needs of affected offices, including: the Douglas County Attorney, the Omaha City Prosecutor, the Douglas County Public Defender, private attorneys, law enforcement, as well as the needs of lay witnesses and the litigants that appear before it each and every day. The County Court does so while treating each defendant as an individual, and giving due consideration to each case handled.

Case filings have increased significantly over the past year demonstrating the continued need for twelve judges presiding over cases in Douglas County Court. The Nebraska Legislature has determined that twelve judges are necessary to appropriately handle the judicial caseload in its most populous county. This has been true for the past twenty-five years. During that time, the population, caseload, and challenges to the effective administration of justice have only increased. This Commission has always seen fit to declare a judicial vacancy when a judge has left the Douglas County Court bench in the past, and I urge the Commission to declare a vacancy at this time.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin J. Slimp", with a stylized flourish at the end.

Gov. Pillen Appoints Jason Bergevin as Associate Justice to the Nebraska Supreme Court

LINCOLN, NE – Today, Governor Jim Pillen announced his appointment of the Honorable Jason M. Bergevin of Columbus as an associate justice to the Nebraska Supreme Court representing the Fifth Judicial District.

"Judge Bergevin is a dedicated jurist with extensive experience as an attorney and most recently as a district judge representing the Fifth Judicial District," said Gov. Pillen. "I have great confidence in Judge Bergevin's abilities, and I know he has deep respect and integrity when it comes to matters of the court. I am pleased to elevate him to this role on Nebraska's Supreme Court."

"I am honored to be chosen as the next judge of the Nebraska Supreme Court from the Fifth Judicial District," said Justice Bergevin. "Three highly qualified applicants stepped forward for this position. I appreciate Governor Pillen's confidence in me. I will work hard to continue serving the Nebraska Judicial Branch and the people of our state."

In addition to his recent role as district judge (2022), Bergevin also oversaw the opening of one of the state's newest problem-solving courts in Platte County this summer. He was an assistant attorney general in the Nebraska Attorney General's office for seven years where he worked with county attorneys in the prosecution of complex cases, was legal advisor to multiple state agencies and reviewed agency regulations. Bergevin also held multiple positions in the U.S. Air Force Judge Advocate General's Corps up until 2022 and has prior experience in both the Lancaster County Attorney's office and the Weld County District Attorney's office in Greeley Colorado.

Bergevin holds a bachelor's degree in secondary education from the University of Nebraska – Lincoln (UNL) and earned his juris doctor from Western New England University School of Law in Massachusetts.

The Fifth Judicial District for the Nebraska Supreme Court consists of Butler, Cass, Clay, Colfax, Fillmore, Gage, Hall, Hamilton, Jefferson, Johnson, Merrick, Nance, Nemaha, Nuckolls, Otoe, Pawnee, Platte, Polk, Richardson, Saline, Saunders, Seward, Thayer, Webster, and York counties.

The vacancy was due to Judge Jeffrey Funke's appointment as chief justice of the Nebraska Supreme Court.

Dear Governor Pillen:

I am very thankful for the opportunity you provided me when you appointed me to serve as a District Court Judge. I have learned so much during my time in this position and will take with me the lessons that I have learned.

After evaluating the last fourteen months, I have come to the conclusion that I am better suited for a different position in the legal profession. After much consideration, prayer and discussion with my wife, I am resigning effective April 4th, 2025.

Thank you again.

Sincerely,

RECEIVED

DEC - 9 2024

Office of the Chief Justice

Dear Governor Pillen:

Please accept this letter as notice of my retirement, effective February 28, 2025. It has been my honor to serve the State of Nebraska and the residents of the 11th judicial district for the past 21 years. It has also been a privilege to work with the county judges serving the State of Nebraska.

I have been blessed to work with dedicated court employees in the counties I serve; they are asset to the court system. I cannot thank them enough for the work they do each and every day.

I wish you the very best in your tenure as Governor.

Respectfully,

Edward D. Steenburg

The Honorable Jonathan J. Papik
Nebraska Supreme Court Justice

Dear Justice Papik:

On behalf of the NSBA Judicial Resources Committee ("the Committee"), I wish to convey to the members of the Judicial Resources Commission our recommendation regarding the vacancies in the District Court in the 5th District due to the appointment of Judge Bergevin to the Nebraska Supreme Court, the District Court in the 11th Judicial District due to the resignation of Judge Nehr, and the vacancy in the County Court in the 11th Judicial District due to the retirement of Judge Steenburg.

After reviewing the Judicial Weighted Caseload Reports ("Judicial Workload Assessment") for FY 2024, the Committee concluded that the State's justice system will not have adequate judicial resources available unless the current vacancies are filled expeditiously. Therefore, the Committee recommends that the current vacancies in the 5th and 11th Districts be filled.

We do not have a recommendation regarding the location of the home court for the vacancies in the 11th District, but we wish to thank the Chief Justice for actively soliciting feedback from the lawyers in the 11th district regarding the location.

Thank you for your consideration of the recommendations set forth herein. Please include this letter with the materials provided to Judicial Resources Commission members before your April 11th meeting.

Sincerely,

Hon. Tricia A. Freeman

No quantitative judicial workload assessment method, including the weighted caseload method, can determine the exact number of judges needed within each court. For example, judges may be asked to assist non-home districts to ensure speedy trials for all involved and that one district is not unduly overburdened. **To address this challenge, the Research and Data Team have added an asterisk next to the name of the judges that provided judicial assistance in the last fiscal year (FY 2024) to other districts.**

Weighted caseload statistics approximate the number of judges needed to handle the current caseload based upon the calculations of a three-year rolling average of case filing data. Therefore, when weighted caseload statistics are examined in conjunction with other compelling and critical metrics, they provide a vital part of an objective and standardized assessment of judicial needs and the fair allocation of judicial resources across juvenile courts in the State of Nebraska.

Weighted Caseload Report

Nebraska District Courts Weighted Caseload Report

Nebraska has a district court in each of its 93 counties, organized into 12 Judicial Districts. Pursuant to Neb. Rev. Stat. § 24-301.02, the Legislature determines the number of district court judges who serve in each judicial district, and the geographic boundaries of each judicial district. An objective assessment of judicial workload allows informed decisions about district boundaries and the number of judges needed to timely resolve the cases in each judicial district.

To assist in evaluating judicial workloads, Neb. Rev. Stat. § 24-1007(1) requires the Nebraska Administrative Office of the Courts and Probation (AOCP) to compile judicial workload statistics based on caseload numbers weighted by category of case. These weighted caseload statistics are used by the Judicial Branch, the Judicial Resources Commission, and the Legislature to evaluate judicial need, and guide decisions and recommendations on how best to allocate judicial resources across the state.

To ensure the validity, uniformity and accuracy of the AOCP's judicial workload statistics, a statewide judicial time study was conducted in 2019-2020 under the direction and leadership of the National Center for State Courts. For a full description of the judicial time study and the recommended weighting methodology and standards, see *Nebraska Judicial Workload Assessment Final Report* (October 2020) on the Nebraska Supreme Court Website. Because this Weighted Caseload Report utilizes the methodology and standards from the 2020 workload assessment, direct comparison to archived reports is not recommended.

No quantitative judicial workload assessment method, including the weighted caseload method, can determine the exact number of judges needed within each court. For example, judges may be asked to assist non-home districts to ensure speedy trials for all involved and that one district is not unduly overburdened. **To address this challenge, the Research and Data Team have added an asterisk next to the name of the judges that provided judicial assistance in the last fiscal year (FY 2024) to other districts.**

Weighted caseload statistics approximate the number of judges needed to handle the current caseload based upon the calculations of a three-year rolling average of case filing data. Therefore, when weighted caseload statistics are examined in conjunction with other compelling and critical metrics, they provide a vital part of an objective and standardized assessment of judicial needs and the fair allocation of judicial resources across juvenile courts in the State of Nebraska.
